GRIFFON. THE CHOICE OF THE PRO.

Griffon is the international specialist in the field of adhesives, sealants, soldering products, lubricants and maintenance products. Griffon offers unique, high-quality product ranges aimed at providing solutions for the professional.

Back to the nineteen sixties, Griffon had the patented answer to the rapidly growing demand for solvent cements for plastic piping systems. In addition to PVC cements numerous complementary plumbers' products were introduced, such as lubricants, soldering and sealing products. Since then, Griffon has developed into an internationally recognized specialist in the area of connection technology for plastic and metal piping systems.

As the adhesive specialist for the professional, Griffon also offers a complete range of wood and construction adhesives. In the field of mounting, Griffon is well known with the extensive Poly Max® range - solvent free construction adhesives of absolute top quality - recognizable by the outstanding red cartridges.

So no matter what kind of connection you wish to make: Griffon provides the best solution for the job.

With sales offices in the Netherlands, Belgium, Spain and France, and distributors in many countries across the world, Griffon has built up a strong international market position. Well-known Griffon products are UNI-100® and WDF-05® PVC Adhesives, S-39® soft soldering, Kolmat® sealing paste and the construction adhesive Poly Max®.

QUALITY

Opting for Griffon means opting for quality. In order to be able to constantly guarantee excellent quality Griffon employs a quality assurance system. This covers the entire process of incoming raw materials, production into the final product and delivery in accordance with prescribed and monitored procedures. This system has of course been ISO 9001 certified. In this way the user can be assured of a guaranteed quality level.

Product quality focused on specific applications is guaranteed by approval marks such as British Standard, KIWA and DVGW. Furthermore, several products have a CE marking and meet EN standards. Both the product and the process quality are continuously inspected by reputable, independent inspection bodies at home and abroad.

INNOVATION

In addition to quality, innovation is one of Griffon's core values. Griffon is continuously looking for new and better solutions. Existing products are constantly improved so that they do not only work better, but also are more user and environmentally friendly. Through extensive research and close contact with end-users and manufacturers Griffon introduces innovative solutions for connecting problems time and again.

BISON INTERNATIONAL

SERVICE

In addition to quality and innovation, we consider the service to our customer as a high priority. The Griffon information centre is always willing to answer any questions you might have.

Information number: +31 (0)113235700

Email address: info@griffon.eu

Technical documentation sheets and safety data sheets are available on our website: www.griffon.eu

Griffon is part of Bison International, worldwide supplier of high-quality adhesives and sealants for the professional and private markets. Furthermore, Bison International is also the company behind Bison, Bison Professional, Bostik (Italy), Velpon and Imedio. All of them undisputed A-brands with their own markets and segments.

Bison International has been part of the Bolton Group since 1996. Bolton Group produces and sells a series of high-quality consumer products, many of which are market leaders in their category. The portfolio contains around 40 product lines in the area of foodstuffs, detergents and cleaning products, products for personal hygiene and skin care, cosmetics and adhesives. The Bolton products are mainly sold in Western Europe but are also in a large measure present in the Middle East and Central Europe. Furthermore, the Bolton products are sold in Asia, North and South America and Australia.

TABLE OF CONTENTS

PLASTIC CONNECTIONS 6

Rigid PVC cements	7
PVC-C cements	9
ABS cements	9
Specialty adhesives	10
PP-fixation compounds	10
Cleaners PVC/PVC-C/ABS	11
Cleaners PE/PP/PVDF/PB	11
Cleaner cloths	11
Lubricants	13
Tools	14
Thread sealing - fibre tapes	14
Thread sealing - silicone paste	15
Leak - detection agents	15

METAL CONNECTIONS 16

Thread sealing - fibre tapes	17
Thread sealing - jointing compound and hemp	17
Thread sealing - anaerobic	18
Thread sealing - PTFE-tapes and cords	19
Soft soldering fluxes universal	21
Soft soldering metals lead-free	21
Hard solder metals	21
Tools	22
Leak - detection agents	23

SEALING 24

Sealing and protective coatings	25
Accessories coatings	26
Surface impregnation	27
Silicone sealants	28
Accessories silicone sealants	28
Acrylic sealants	29
Refractory cements	29
Sealing tapes bitumen	30

Cartridge guns	67

CONNECTION TECHNIQUES FOR PLASTIC PIPING SYSTEMS

RIGID PVC CEMENTS

T-88®

Fast, liquid, THF-free rigid PVC cement for joining pipes, sockets and fittings with interference fit in pressure and drainage systems. With special pipe brush for quick and easy application. Suitable for diameters ≤ 160 mm (pressure ≤ 90 mm). Max. 16 bar (PN 16). Maximal tolerances: 0.3 mm diametrical clearance / 0.2 mm press fit. Suitable for pipe systems conforming to EN1329, 1452, 1453 and 1455.

PRODUCT	PIECES / CARTON
BOTTLE WITH PIPE BRUSH 100 ML	24
BOTTLE WITH PIPE BRUSH 250 ML	24
BOTTLE WITH PIPE BRUSH 500 ML	12
BOTTLE WITH PIPE BRUSH 1 L	8
TIN WITH SPOUT 5 L	1

UNI-100®

Fast, thixotropic rigid PVC cement for joining pipes, sockets and fittings with interference fit and loose fit (gap filling) in pressure and drainage systems. With special pipe brush for quick and easy application. Suitable for diameters ≤ 315 mm. Max. 16 bar (PN 16). Maximal tolerances: 0.8 mm diametrical clearance / 0.2 mm press fit. Suitable for e.g. pipe systems conforming to EN1329, 1452, 1453, 1455 and ISO 15493 (PVC).

PRODUCT	PIECES / CARTON
TUBE 125 ML (FOLDING BOX)	30
BOTTLE WITH PIPE BRUSH 125 ML	10
BOTTLE WITH PIPE BRUSH 250 ML	24
BOTTLE WITH PIPE BRUSH 500 ML	12
TIN WITH PRESSURE LID 500 ML	12
BOTTLE WITH PIPE BRUSH 1 L	8
TIN WITH PRESSURE LID 1 L	8
TIN WITH SPOUT 5 L	1

UNI-100® XT

Thixotropic, THF-free rigid PVC cement for joining pipes, sockets and fittings with interference fit and loose fit (gap filling) in pressure and drainage systems. With special pipe brush for quick and easy application. Suitable for diameters ≤ 400 mm. Max. 16 bar (PN 16). Maximal tolerances: 0.6 mm diametrical clearance / 0.2 mm press fit. Suitable for e.g. pipe systems conforming to EN1329, 1452, 1453, 1455 and ISO 15493 (PVC).

TIN WITH PRESSURE LID 500 ML	12
BOTTLE WITH PIPE BRUSH 1 L	8
TIN WITH PRESSURE LID 1 L	8
TIN WITH SPOUT 5 L	1

UNI-100® GT

Thixotropic rigid PVC cement for joining pipes, sockets and fittings with interference fit and loose fit (gap filling) in pressure and drainage systems. Extremely suitable for large diameters and at higher temperatures (> 35 °C). Suitable for diameters ≤ 800 mm. Max. 16 bar (PN 16). Maximal tolerances: 0.8 mm diametrical clearance / 0.2 mm press fit. Suitable for e.g. pipe systems conforming to EN1329, 1452, 1453, 1455 and ISO15493 (PVC).

PRODUCT	PIECES / CARTON
BOTTLE WITH BRUSH 1 L	8
TIN WITH SPOUT 5 L	1

WDF-05®

Extremely fast, blue, thixotropic PVC cement for joining pipes, sockets and fittings with interference fit and loose fit (gap filling) in pressure and drainage systems. With special pipe brush for quick and easy application. Extremely suitable for flexible hoses and applications under wet conditions, such as swimming pools and whirlpools. Suitable for diameters ≤ 160 mm. Max. 16 bar (PN 16). Maximal tolerances: 0.8 mm diametrical clearance / 0.2 mm press fit. Flexible hoses: 0.3 mm diametrical clearance. Suitable for e.g. pipe systems conforming to EN1329, 1452, 1453, 1455 and ISO15493 (PVC).

PVC-C CEMENTS

HT-120

Fast, thixotropic PVC-C cement for joining pipes, sockets and fittings with interference fit and loose fit (gap filling) in pressure and drainage systems. With special pipe brush for quick and easy application. Suitable for diameters ≤ 250 mm. Max. 25 bar (PN 25) for diameters ≤ 110 mm. Max. 16 bar (PN 16) for diameters > 110 mm and ≤ 250 mm. Maximal tolerances: 0.8 mm diametrical clearance / 0.2 mm press fit. Suitable for pipe systems conforming to EN1566, 15877 and ISO15493 (PVC-C).

CORZAN[®] EN 14814 EN 14680 UK CA CE

PRODUCT	PIECES / CARTON
BOTTLE WITH PIPE BRUSH 500 ML	12

HT-120 FLOWGUARD[®]

Fast, thixotropic, yellow PVC-C cement for joining pipes, sockets and fittings with interference fit and loose fit (gap filling) in pressure and drainage systems. With special pipe brush for quick and easy application. Applicable for cold and warm water up to 95 °C. Suitable for cylindrical or conical fittings with diameters ≤ 315 mm (12"). Max. 25 bar (PN 25) for diameters ≤ 110 mm (4"). Max. 16 bar (PN 16) for diameters ≤ 250 mm (10"). Max. 10 bar (PN 10) for diameters ≤ 315 mm (12"). Maximal tolerances: 0.8 mm diametrical clearance / 0.2 mm press fit. Suitable for pipe systems conforming to EN1566, 15877 and ASTM Schedule 40 & 80.

FLOWGUARD[®] EN 14814 EN 14680 CE

BOTTLE WITH PIPE BRUSH 250 ML	24

ABS CEMENTS

B-21

Fast, liquid ABS cement for joining pipes, sockets and fittings with interference fit in pressure and drainage systems. With special pipe brush for quick and easy application. Suitable for diameters ≤ 160 mm. Max. 10 bar (PN 10). Maximal tolerances: 0.3 mm diametrical clearance / 0.2 mm press fit. Suitable for pipe systems conforming to EN1455 and ISO15493 (ABS).

EN 14814 EN 14680 UK CA CE

PRODUCT	PIECES / CARTON
BOTTLE WITH PIPE BRUSH 500 ML	12

B-25

Fast, thixotropic ABS cement for joining pipes, sockets and fittings with interference fit and loose fit (gap filling) in pressure and drainage systems. Suitable for diameters ≤ 315 mm. Max. 15 bar (PN 15). Maximal tolerances: 0.6 mm diametrical clearance / 0.2 mm press fit. Suitable for pipe systems conforming to EN1455 and ISO15493 (ABS).

EN 14814

EN 14680

PRODUCT	PIECES / CARTON
TIN WITH PRESSURE LID 500 ML	12

SPECIALTY ADHESIVES

M-385

Liquid, transparent, waterproof contact adhesive for bonding PVC foil.

PRODUCT	PIECES / CARTON
BOTTLE WITH BRUSH 250 ML	24

PP-FIXATION COMPOUNDS

F-40

For fixing polypropylene (PP) pipes and fittings with rubber sleeve connections in drain systems.

PRODUCT	PIECES / CARTON
TIN WITH PRESSURE LID 1 KG	8

CLEANERS PVC/PVC-C/ABS

CLEANER

For cleaning and degreasing piping, sockets and fittings made of (rigid) PVC, PVC-C and ABS prior to welding. Also suitable for removing uncured adhesive residue and for cleaning brushes and tools. Use in combination with the Griffon Cleaner Cloth.

PRODUCT	PIECES / CARTON
TIN WITH CAP 125 ML	20
TIN WITH CAP 250 ML	12
TIN WITH CAP 500 ML	12
TIN WITH CAP 1 L	6
TIN WITH SPOUT 5 L	1

CLEANERS PE/PP/PVDF/PB

PE CLEANER HEAVY DUTY

Heavy duty cleaner for pipes and fittings of PE, PP, PVDF and PB to be welded. Also suitable for cleaning welding equipment. Use in combination with the Griffon Cleaner Cloth.

PRODUCT	PIECES / CARTON
BOTTLE 1 L	12

PE CLEANER WIPES SPECIAL

Cleaner cloth for pipes and fittings of PE, PP, PVDF and PB to be welded. Also suitable for cleaning welding equipment.

PRODUCT	PIECES / CARTON
DISPENSER 100 PIECE(S)	6

CLEANER CLOTHS

CLEANER CLOTH

Absorbent, lint-free cloth for cleaning and degreasing piping, sockets and fittings made of (rigid) PVC, PVC-C, ABS, PE, PP, PVDF and PB prior to joining or welding. Use in combination with Cleaner and PE Cleaner. Also suitable for removing uncured adhesive residue.

PRODUCT	PIECES / CARTON
DISPENSER 23 X 41 CM 100 PIECE(S)	6

STEP-BY-STEP PLAN

THE PERFECT CONNECTION

LUBRICANTS

BLUE GEL

Acid-free, water soluble, thixotropic lubricant for joining pipes, sockets and fittings with rubber sleeve connections in pressurised and drain systems. Suitable for PVC, PVC-O, PE, PP, GRP, concrete and coated cast iron. Also for wet substrates.

PRODUCT	PIECES / CARTON
SQUEEZE BOTTLE 250 G	8
SQUEEZE BOTTLE 500 G	12
POT 800 G	12
BUCKET 2,5 KG	1
BUCKET 5 KG	1

P-20

Adjustable, acid-free, water-rinsable, thixotropic lubricant for assembling pipes, sockets and fittings with rubber sleeve connections in pressurised and drain systems. Suitable for PVC, ABS, PE, PP, GRP, concrete and coated cast iron.

PRODUCT	PIECES / CARTON
POT 800 G	12
BUCKET 5 KG	1

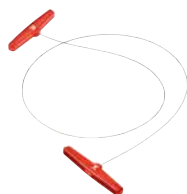

LUBRICANT

Adjustable, acid-free, thixotropic lubricant for assembling pipes, sockets and fittings with rubber sleeve connections in pressurised and drain systems. Suitable for PVC, ABS, PE, PP, GRP, concrete and coated cast iron.

PRODUCT	PIECES / CARTON
AEROSOL 400 ML	12
POT 700 G	12
BUCKET 4 KG	1

TOOLS

CABLE SAW

Cable saw for sawing synthetic pipes made of PVC, PVC-C, PP and PE. Ideal for use in places that are difficult to reach.

PRODUCT	PIECES / CARTON
CABLE SAW	6

CHAMFERING TOOL

For chamfering synthetic piping in PVC, PVC-C, ABS, PP and PE. Suitable for diameters $16 \leq 63$ mm.

PRODUCT	PIECES / CARTON
CHAMFERING TOOL	6

THREAD SEALING - FIBRE TAPES

KOLMAT® FIBRE SEAL

Impregnated, fibre-reinforced sealing tape for sealing conical and cylindrical metal and plastic threaded connections. Suitable e.g. for (drinking) water, gas, LPG (gas), (compressed) air and diluted acids and bases. Applicable for e.g. copper, brass, (galvanised) steel, stainless steel, chrome, zinc, PVC, CPVC and ABS. Gas: up to 5 bar pressure at -20°C - $+70^{\circ}\text{C}$. Water up to 16 bar pressure at $+95^{\circ}\text{C}$, up to 7 bar pressure at $+130^{\circ}\text{C}$.

PRODUCT	PIECES / CARTON
ROLL 12 MM X 15 M (FOLDING BOX)	30

THREAD SEALING - SILICONE PASTE

KOLMAT® PLASTIC

Sealant for sealing conical and cylindrical synthetic threaded connections (synthetics/synthetics and synthetics/metal). Suitable for, e.g., cold and warm water and (compressed) air. Suitable for, e.g., PVC, CPVC and ABS eventually in combination with copper, brass, (galvanised) steel and, stainless steel.

PRODUCT	PIECES / CARTON
TUBE 125 G (FOLDING BOX)	6

LEAK - DETECTION AGENTS

GAS LEAK FINDER

Non-flammable spray for the detection of leaks in metal and synthetic pipes, couplings, valves and faucets. Suitable for all (combustible) types of gases (including oxygen and freon).

PRODUCT	PIECES / CARTON
AEROSOL 150 ML	12
AEROSOL 400 ML	12

CONNECTION TECHNIQUES FOR METAL PIPING SYSTEMS

THREAD SEALING - FIBRE TAPES

KOLMAT® FIBRE SEAL

Impregnated, fibre-reinforced sealing tape for sealing conical and cylindrical metal and plastic threaded connections. Suitable e.g. for (drinking) water, gas, LPG (gas), (compressed) air and diluted acids and bases. Applicable for e.g. copper, brass, (galvanised) steel, stainless steel, chrome, zinc, PVC, CPVC and ABS. Gas: up to 5 bar pressure at -20 °C - +70 °C. Water up to 16 bar pressure at +95 °C, up to 7 bar pressure at +130 °C.

PRODUCT	PIECES / CARTON
ROLL 12 MM X 15 M (FOLDING BOX)	30

THREAD SEALING - JOINTING COMPOUND AND HEMP

KOLMAT®

Sealing paste for sealing metal threaded connections in, e.g., (drinking) water, central heating, gas and compressed air systems. Use in combination with Kolmat® hemp.

PRODUCT	PIECES / CARTON
TUBE 300 G	12
POT 450 G	12
POT 875 G	12

KOLMAT® HEMP

For sealing metal threaded connections in, e.g., (drinking) water, central heating, gas and compressed air systems. Use in combination with Griffon Kolmat®.

PRODUCT	PIECES / CARTON

FOR PERFECTLY SEALED THREADED CONNECTIONS

SOFT SOLDERING FLUXES UNIVERSAL

S-39® UNIVERSAL

Universal, acid-free soldering flux for soft soldering all metals (with the exception of aluminium and its alloys) in practically all areas of application. Suitable on all types of solid tin solder.

PRODUCT	PIECES / CARTON
BOTTLE WITH BRUSH 80 ML	16
BOTTLE WITH BRUSH 320 ML	12

SOFT SOLDERING METALS LEAD-FREE

RESIST-2® SOLDER WIRE TIN/SILVER 97/3 SOLID

Solder Wire Tin/Silver 97/3 Solid for soft soldering of copper (drinking) water, central heating and gas pipes to copper or brass fittings.

PRODUCT	PIECES / CARTON
POT 500 G Ø 2 MM	6
REEL 500 G Ø 2 MM	6

RESIST-3® SOLDER WIRE TIN/COPPER 97/3 SOLID

Solder Wire Tin/Copper 97/3 Solid for soft soldering of copper (drinking) water, central heating and gas pipes to copper or brass fittings.

PRODUCT	PIECES / CARTON
POT 500 G Ø 2 MM	6

HARD SOLDER METALS

HARD SILVER SOLDERING 23-S

Universal, solid hard silver soldering for soldering copper, brass, iron and stainless steel in almost all areas of application. Use in combination with Flux 6®.

PRODUCT	PIECES / CARTON
CARTRIDGE 100 G (SOLDER BAR) Ø 1,5 MM	1
CARTRIDGE 100 G (SOLDER BAR) Ø 2 MM	1

HARD COPPER SOLDER 21

Cd-free, solid brazing solder for brazing copper and its alloys in almost all applications, such as (drinking) water, gas and central heating pipes, hot water and cooling systems.

PRODUCT	PIECES / CARTON
CARTRIDGE 100 G (SOLDER BAR) Ø 2 MM	1

TOOLS

EMERY CLOTH

Flexible emery cloth for deburring, chamfering, cleaning and sanding surfaces to be glued or soldered, such as metal and plastic pipes, tubes and fittings made of PVC, copper or steel.

PRODUCT	PIECES / CARTON
K-80 ROLL 25 M X 38 MM	6
K-120 ROLL 25 M X 38 MM	6

EMERY CLOTH WATERPROOF

Waterproof, flexible emery cloth for deburring, chamfering, cleaning and sanding surfaces to be glued or soldered, such as metal and plastic pipes, tubes and fittings made of PVC, copper or steel. Very suitable for applications in damp conditions.

PRODUCT	PIECES / CARTON
K-80 SPECIAL ROLL 25 M X 38 MM	6
K-120 SPECIAL ROLL 25 M X 38 MM	6

SCOURING FIBRE

Scouring fibre for cleaning and sanding surfaces to be joined or soldered, such as metal and synthetic piping, tubes and fittings.

PRODUCT	PIECES / CARTON
13 X 6 CM 10 PIECE(S)	25

FITTING BRUSH

Brush for sanding and cleaning of copper and brass fittings.

PRODUCT	PIECES / CARTON
PIECE Ø 12 MM	10
PIECE Ø 15 MM	10
PIECE Ø 22 MM	10
SET Ø 12/15/22 MM	12

SOLDERING BRUSH

Special brush for applying soldering fluxes.

PRODUCT	PIECES / CARTON
BAG 25 PIECE(S)	4

HEAT SHIELD

Flexible heat shield for protecting walls, tiles, wallpaper, paint and plasterwork, for example, during soldering.

PRODUCT	PIECES / CARTON
25 CM X 19 CM	12

SOLDERING IRON CLEANER

Salty liquorice block for cleaning soldering irons and rods.

PRODUCT	PIECES / CARTON
BLOCK 150 G	6

LEAK - DETECTION AGENTS

GAS LEAK FINDER

Non-flammable spray for the detection of leaks in metal and synthetic pipes, couplings, valves and faucets. Suitable for all (combustible) types of gases (including oxygen and freon).

PRODUCT	PIECES / CARTON
BOTTLE WITH BRUSH 250 ML	6

SEALANT FINISHER

Acid-free smoothing agent for quick and easy finishing of all types of sealants.

PRODUCT	PIECES / CARTON
AEROSOL 400 ML	12

ACRYLIC SEALANTS

ACRYLIC SEALANT A-100

High-quality, universal acrylic sealant for sealing seams, joints and gaps in, e.g., partitions, walls, ceilings, window frames, window sills, stairs and skirting boards.

PRODUCT	PIECES / CARTON
CARTRIDGE 300 ML WHITE	12

REFRACTORY CEMENTS

HYDRA®

Fireproof sealant (1250 °C) for sealing seams, pointing and gaps and repairing cracks in fireplaces, multiburners, stoves and chimneys.

PRODUCT	PIECES / CARTON
CARTRIDGE 600 G BLACK	12
POT 750 G BLACK	6

SEALING TAPES BITUMEN

SEALING TAPE ALUMINIUM

Aluminium coloured, self-adhesive sealing tape based on bitumen for sealing joints, seams and cracks on almost all surfaces. Suitable for indoor and outdoor applications.

PRODUCT	PIECES / CARTON
ROLL 10 M X 5 CM	6
ROLL 10 M X 7,5 CM	4
ROLL 10 M X 10 CM	6
ROLL 10 M X 15 CM	4
ROLL 10 M X 20 CM	3

SEALING TAPE LEAD

Self-adhesive lead coloured sealing tape based on bitumen for sealing joints, seams and cracks on almost all surfaces, such as stone, concrete, lead, zinc, aluminium, glass, wood and various synthetics. Suitable for indoor and outdoor applications.

PRODUCT	PIECES / CARTON
ROLL 10 M X 5 CM	6
ROLL 10 M X 7,5 CM	4
ROLL 10 M X 10 CM	6
ROLL 10 M X 15 CM	4
ROLL 10 M X 20 CM	3

SEALING TAPES PETROLATUM

GLASS-TIC ALU

Self-adhesive sealing tape based on petrolatum with aluminium surface layer. Suitable for sealing, protection and repair of, among others, T-irons, glass roofs, glasshouses and skylights. Adheres to nearly all substrates like, for instance, glass, stone, concrete, lead, zinc, aluminium, wood and various synthetics.

PRODUCT	PIECES / CARTON
ROLL 10 M X 5 CM	12
ROLL 10 M X 7,5 CM	8
ROLL 10 M X 10 CM	6
ROLL 10 M X 15 CM	4

ALUMINIUM TAPES

ALUMINIUM-TAPE

Aluminum tape for fixing, sealing, insulating, repairing and protecting, e.g., air-conditioning and flue ducts, piping and insulation materials.

PRODUCT	PIECES / CARTON
ROLL 20 M X 5 CM	24
ROLL 20 M X 10 CM	12

ALUMINIUM-TAPE HIGH TEMPERATURE

High temperature resistant aluminium tape for fixing, sealing, insulating, repairing and protecting, e.g., airconditioning and flue ducts, piping and insulation materials.

PRODUCT	PIECES / CARTON
ROLL 50 M X 5 CM	24
ROLL 50 M X 10 CM	12

ANTI-CORROSION TAPES

JITRA 70/SIPLEX 41

Self-adhesive, anti-corrosive tape based on petrolatum for the protection of, for instance, (underground) metallic conduits, connections, systems and installations.

PRODUCT	PIECES / CARTON
ROLL 10 M X 5 CM	12
ROLL 10 CM X 10 CM	6

JITRAKOR

High temperature-resistant, self-adhesive, anti-corrosive tape based on petrolatum with heat-shrunk PVC film for the (mechanical) protection of, for instance, (underground) metallic conduits, connections, systems and installations.

PRODUCT	PIECES / CARTON
ROLL 10 M X 5 CM	12
ROLL 10 M X 10 CM	6

JITRAFLEX 573

Self-adhesive, anti-corrosive tape with PE-film based on petrolatum for the protection of, for instance, (underground) metallic conduits, connections, systems and installations.

PRODUCT	PIECES / CARTON
ROLL 10 M X 5 CM	12
ROLL 10 M X 10 CM	6

JITRASTRIP

Self-adhesive, anti-corrosive, vulcanising tape based on bitumen with PE-film for the protection of, for instance, (underground) metallic conduits, connections, systems and installations. Also suitable for the protection, sealing and insulation of electrical connections, cables and plugs.

PRODUCT	PIECES / CARTON
ROLL 10 M X 5 CM	12
ROLL 10 M X 10 CM	6

JITRANYL 302

PVC-Tape for mechanical protection of underground piping, connections, and other metal structures.

PRODUCT	PIECES / CARTON
ROLL 20 M X 5 CM YELLOW	48

DUCT TAPES

DUCT TAPE

High-quality, professional, fibre-reinforced, universal tape for fastening, sealing, insulating, repairing, protecting, fixing and bundling of virtually all materials.

PRODUCT	PIECES / CARTON
ROLL 25 M X 48 MM GREY	24
ROLL 25 M X 48 MM ORANGE	24

SELF-FUSING TAPE

SFT-101 REPAIR

Universal, self-merging, sealing and insulating, silicone-based repair tape.

PRODUCT	PIECES / CARTON
ROLL (BLISTER) BLACK	12

PU FOAMS

PU-FOAM

Fast curing polyurethane foam for insulating, sealing and filling of seams, joints, gaps, holes and cracks.

B2

PRODUCT	PIECES / CARTON
AEROSOL 750 ML	12

GUN PU-FOAM

Fast curing polyurethane foam for insulating, sealing and filling of seams, joints, gaps, holes and cracks. Use in combination with PU-Foam Gun.

B2

PRODUCT	PIECES / CARTON
AEROSOL 750 ML	12

PU FOAM CLEANERS

PU-FOAM CLEANER

Cleaner for fast and easy cleaning of the Griffon PU-foam gun and removing uncured polyurethane foam.

PRODUCT	PIECES / CARTON
AEROSOL 500 ML	12

PU FOAM GUNS

PU-FOAM GUN

Gun for fast and easy application of Gun PU-foam.

PRODUCT	PIECES / CARTON
GUN	1

REPAIR PRODUCTS

EPOXY REPAIR STICK

Dual-component epoxy putty for permanent repairs and restoration of nearly all materials.

PRODUCT	PIECES / CARTON
STICK 114 G	12

RAPID CEMENT

Fast curing cement for repairs to masonry and concrete.

PRODUCT	PIECES / CARTON
POT 1 KG	12
BUCKET 6 KG	1
BUCKET 12,5 KG	1

SHRINK SLEEVES

JITRASHRINK

Thermal PE-shrink sleeve for (mechanical) protection, sealing and/or joining of drains of different materials and/or diameters (Ø 110 - 37 mm).

PRODUCT	PIECES / CARTON
Ø 65/21 30 CM	5
Ø 110/37 30 CM	5

LUBRICATION AND MAINTENANCE

UPSIDE DOWN VENTIL/VALVE: CAN BE USED AND STORED IN ALL POSITIONS

CONSTANT, GOOD SPRAY PATTERN:
NO PRESSURE LOSS, ALWAYS THE RIGHT LAYER THICKNESS

INTEGRATED SPRAY HOSE: FOR PRECISE LUBRICATION

CLEAR MANUAL

AEROSOL CAN EASILY BE KEPT CLEAN

PROLONGED SHAKING IS NOT NECESSARY

TOP QUALITY AEROSOLS

LUBRICANTS - SPRAYS

SILICONE SPRAY

Universal transparent slipping, lubricating and anti-adhesion agent based on pure silicone oil.

PRODUCT	PIECES / CARTON
AEROSOL 300 ML	12

IMAL®

High quality penetrating oil based on graphite.

PRODUCT	PIECES / CARTON
AEROSOL 300 ML	12

PTFE-SPRAY

High-quality multi-functional lubricant based on P.T.F.E.

PRODUCT	PIECES / CARTON
AEROSOL 300 ML	12

LUBRIT-ALL®

Multifunctional maintenance agent for lubricating, protecting, cleaning and loosening in 1001 applications.

PRODUCT	PIECES / CARTON
AEROSOL 300 ML	12

LOCK SPRAY

Lubricating and maintenance agent for (cylinder) locks.

PRODUCT	PIECES / CARTON
AEROSOL 150 ML	12

VASELINE SPRAY

Acid-free maintenance and protection grease for maintenance and protection of metal from oxidation and corrosion.

PRODUCT	PIECES / CARTON
AEROSOL 300 ML	12

WHITE GREASE

High quality grease on PTFE basis for lubrication and protection of all types of sliding, ball and roller bearings.

PRODUCT	PIECES / CARTON
AEROSOL 300 ML	12

LUBRICANTS - GREASES

VASELINE

Acid-free maintenance and protection grease for maintenance and protection of metal from oxidation and corrosion.

PRODUCT	PIECES / CARTON
TUBE 125 G	12
POT 200 G	12
POT 1 KG	6

SILICONE GREASE

Lubricant for hydrants and valves on a 100% silicone base. Suitable for metals and synthetics. Also suitable for lubricating hinges, (sliding) doors, windows, drawers, rails and roller bearings and for maintaining motorcycles, bicycles, scooters, machinery, (garden) tools and sports equipment. Prevents (door) rubbers from freezing.

ACS

PRODUCT	PIECES / CARTON
TUBE 15 G	20
TUBE 125 G	12

ZINCSPRAYS

ALU ZINCSPRAY

Aluminium coloured, fast drying zinc coating for protecting metal against rust and corrosion.

PRODUCT	PIECES / CARTON
AEROSOL 400 ML	12

GALVATEC® ZINCSPRAY

Fast drying zinc coating for protecting metal against rust and corrosion.

PRODUCT	PIECES / CARTON
AEROSOL 400 ML	12

WELDING SPRAYS

ANTI-SPAT

Silicone-free welding spray for preventing adhesion of weld spatter on gun parts, clamps, brackets, burners, nozzles and materials.

PRODUCT	PIECES / CARTON
AEROSOL 400 ML	12

NO-SPAT®

Non-flammable, silicone-free welding spray for preventing adhesion of weld spatter on gun parts, clamps, brackets, burners, nozzles and materials.

PRODUCT	PIECES / CARTON
AEROSOL 400 ML	12

TEAR EXAMINATION AGENTS

PRIMOR®

Universal cleaning and degreasing agent for metal.

PRODUCT	PIECES / CARTON
AEROSOL 300 ML	12

VERIMOR®

Red liquid for crack detection in metals and non-porous synthetics.
Use in combination with the Primor® and Devmor®.

PRODUCT	PIECES / CARTON
AEROSOL 300 ML	12

DEVMOR®

White developing liquid for crack detection in metals and non-porous synthetics.
Use in combination with the Primor® and Verimor®.

PRODUCT	PIECES / CARTON
AEROSOL 300 ML	12

ELECTRO CLEANING AND MAINTENANCE SPRAYS

CONTACT SPRAY

Cleaning and maintenance spray for cleaning and maintaining electrical contacts.

PRODUCT	PIECES / CARTON
AEROSOL 200 ML	12

DEGREASERS

PRIMOR®

Universal cleaning and degreasing agent for metal.

PRODUCT	PIECES / CARTON
AEROSOL 300 ML	12

MARKING SPRAYS

TRACEELAC

Fast drying, silicone-free, blue marking spray.

PRODUCT	PIECES / CARTON
AEROSOL 300 ML	12

LEAK - DETECTION AGENTS

GAS LEAK FINDER

Non-flammable spray for the detection of leaks in metal and synthetic pipes, couplings, valves and faucets. Suitable for all (combustible) types of gases (including oxygen and freon).

PRODUCT	PIECES / CARTON
AEROSOL 150 ML	12
AEROSOL 400 ML	12

CLEANING & UNCLOGGING

DRAIN UNBLOCKERS

LIQUID UNBLOCKER

Very powerful and effective in removing blockages caused by hair, soap, oil, grease and food remains.

PRODUCT	PIECES / CARTON
BOTTLE 1 L	6

DUO UNBLOCKER

Extremely powerful and effective 2-component drain-clearing agent, specially developed for the most stubborn drainblockages.

PRODUCT	PIECES / CARTON
BOTTLE 2X 500 ML	6

STEX®

Unclogging pearls with aluminium coating for removing clogging in, for example, kitchen sinks, ash basins, shower basins and bath tubs.

PRODUCT	PIECES / CARTON
BOTTLE 600 G	6

STEX® LIQUID

Liquid cleaner for removing clogging in, for example, kitchen sinks, wash basins, shower basins and bath tubs.

PRODUCT	PIECES / CARTON
BOTTLE 1 L	6

UNIVERSAL CLEANING

SANITARY CLEANER

Very powerful and concentrated spray for easy cleaning of sanitary facilities and sanitary areas.

PRODUCT	PIECES / CARTON
BOTTLE 500 ML	6

DESCALER

Very powerful and concentrated foam spray for easy removal of (stubborn) limescale.

PRODUCT	PIECES / CARTON
BOTTLE 500 ML	6

DEGREASER

Powerful and concentrated degreaser spray for cleaning virtually all types of greasy surfaces.

PRODUCT	PIECES / CARTON
BOTTLE 500 ML	6

GLUE REMOVER

Very powerful and effective against glue and sticker residues. Precise application and can be applied vertically thanks to the unique gel formula.

PRODUCT	PIECES / CARTON
SPRAY 200 ML	12

WIPES

Multifunctional, professional cleaning wipes with scrub for easy and fast cleaning of hands, tools and surfaces.

PRODUCT	PIECES / CARTON
DISPENSER 75 PIECE(S)	6

MOULD AND ALGAE REMOVERS

MILDEW REMOVER

For immediate removal of mould and algae on walls, floors and joints in bathrooms, kitchens, basements and garages. Also suitable for outdoor applications, such as facades and balconies.

PRODUCT	PIECES / CARTON
BOTTLE 750 ML	12

GREEN DIRT REMOVER

Very powerful concentrate for permanent removal and prevention of green deposits.

PRODUCT	PIECES / CARTON
BOTTLE 1 L	6

CLEANERS/THINNERS

CLEANER

Cleaner for cleaning and degreasing surfaces to be bonded. Also for cleaning and removing non-cured adhesive residue from tools. Also suitable for diluting Contact Kit, Spray adhesive TR 550® and Spray adhesive R 560®.

PRODUCT	PIECES / CARTON
TIN WITH CAP 1 L	6
TIN WITH CAP 5 L	1

DEGREASERS

PRIMOR®

Universal cleaning and degreasing agent for metal.

PRODUCT	PIECES / CARTON
AEROSOL 300 ML	12

HAND CLEANER

HAND CLEANER

Professional hand cleaning cream with scrub for removing adhesive, dirt, grease, oil, tar, soot, paint, ink, highlighter and others.

PRODUCT	PIECES / CARTON
POT 500 ML	12
POT 3 L	6

HAND CLEANER DISPENSER & SUSPENSION SYSTEM

Dispenser and suspension system specifically for Griffon Hand Cleaner 3L.

PRODUCT	PIECES / CARTON
DISPENSER	1

BONDING, FIXING & SEALING

CONSTRUCTION ADHESIVES - PROFESSIONAL POLYMERS (SOLVENT FREE)

POLY MAX® PRO POWER

Solvent-free assembly adhesive with very high final bond strength on the basis of SMP-Polymer.

PRODUCT	PIECES / CARTON
CARTRIDGE 425 G WHITE	12

POLY MAX® PRO POWER EXPRESS

Solvent-free assembly adhesive with very high final bond strength and very fast strength gain on the basis of SMP-Polymer.

PRODUCT	PIECES / CARTON
CARTRIDGE 435 G WHITE	12
CARTRIDGE 300 G CRYSTAL CLEAR	12

POLY MAX® HIGH TACK

Solvent-free assembly adhesive with very high initial bond strength based on SMP-Polymer.

PRODUCT	PIECES / CARTON
CARTRIDGE 425 G WHITE	12

POLY MAX® FIX & SEAL EXPRESS

Solvent-free assembly adhesive and sealant based on SMP-Polymer with very high elasticity and very fast strength gain.

PRODUCT	PIECES / CARTON
CARTRIDGE 300 G CRYSTAL CLEAR	12
CARTRIDGE 425 G WHITE	12
CARTRIDGE 425 G BLACK	12
CARTRIDGE 425 G GREY	12
CARTRIDGE 300 G TRANSPARENT GREY	12

AQUA MAX®

Water-resistant solvent-free assembly adhesive and sealant based on SMP Polymer. Especially suitable for pool and pond applications (chlorine and seawater resistant).

CE

PRODUCT	PIECES / CARTON
CARTRIDGE 425 G WHITE	12
CARTRIDGE 425 G GREY	12

EPDM MAX

Universal, water-resistant adhesive and sealant based on SMP-polymer, for EPDM on many surfaces. Strong initial tack.

PRODUCT	PIECES / CARTON
CARTRIDGE 465 G	12

**GO TO THE MAX WITH THE
XXL SAUSAGE PACK OF POLY MAX®**

POLY MAX® HIGH TACK EXPRESS

Solvent-free assembly adhesive based on SMP-Polymer with very high initial bond strength and very fast strength gain. Approved by TÜV SÜD for metal stud systems.

PRODUCT	PIECES / CARTON
CARTRIDGE 435 G WHITE	12
CARTRIDGE 435 G BLACK	12
SAUSAGE 900 G 600 ML WHITE	12

ACCESSORIES POLY MAX® SAUSAGE

POLY MAX® SAUSAGE GUN

Professional gun for applying Poly Max® and other types of adhesives and sealants in sausage packaging, up to and including 600 ml.

PRODUCT	PIECES / CARTON
GUN	6

POLY MAX® HIGH TACK V-NOZZLE

Nozzle with special V-opening for processing Poly Max® High Tack Express in sausage packaging. For use in combination with Poly Max® Sausage Gun.

PRODUCT	PIECES / CARTON
SACHET 6 PIECE(S)	10

CONSTRUCTION ADHESIVE - NEOPRENE

MONTAGEKIT DIRECT GRIP

Assembly adhesive based on neoprene rubber with high initial bond strength, ideal for heavy materials and materials under stress.

PRODUCT	PIECES / CARTON
CARTRIDGE 380 G	12

CONSTRUCTION ADHESIVE - ACRYLATE

MONTAGEKIT INTERIOR FINISH

Solvent-free assembly adhesive based on acrylate for porous materials and polystyrene foam.

PRODUCT	PIECES / CARTON
CARTRIDGE 310 G	12
BUCKET 5 KG	1

CONSTRUCTION ADHESIVE - POLYURETHANE

CONSTRUCTION ADHESIVE BASED ON POLYURETHANE

Thixotropic, filling, waterproof, 2-component assembly adhesive based on polyurethane.

PRODUCT	PIECES / CARTON
TIN 2,5 KG HARDENER	1
TIN 12,5 KG RESIN	1

WOOD CONSTRUCTION

CONTACT ADHESIVES UNIVERSAL

CONTACT KIT

Aromatic-free, universal, liquid contact adhesive based on neoprene rubber.

PRODUCT	PIECES / CARTON
TIN 750 ML	6
TIN WITH SPOUT 5 L	1
TIN WITH SPOUT 10 L	1
BARREL WITH SPOUT 25 L	1

CONTACT TIX

Aromatic-free, universal, thixotropic contact adhesive based on neoprene rubber.

PRODUCT	PIECES / CARTON
TIN 750 ML	6
TIN 2.5 L	1
TIN 5 L	1
TIN 10 L	1

CONTACT ADHESIVE SPRAY CS 570

Transparent, sprayable, aromatics-free, universal contact adhesive in mobile pressure vessel.

PRODUCT	PIECES / CARTON
CANISTER 13 KG 22 L	1

ACCESSORIES CONTACT ADHESIVES

CS 570 GUN

Gun to apply Contact Adhesive CS 570.

PRODUCT	PIECES / CARTON
PISTOL	1

CS 570 HOSE

Hose to apply Contact Adhesive Spray CS 570.

PRODUCT	PIECES / CARTON
HOSE 5,5 M	1

SPRAY ADHESIVES INTERIOR CONSTRUCTION

SPRAY ADHESIVE TR 550®

Transparent, sprayable, aromatic-free, universal contact adhesive based on neoprene rubber.

PRODUCT	PIECES / CARTON
BARREL WITH SPOUT 25 L	1
DRUM 200 L	1

SPRAY ADHESIVE R 560®

Red, sprayable, aromatic-free, universal contact adhesive based on neoprene rubber.

PRODUCT	PIECES / CARTON
BARREL WITH SPOUT 25 L	1
DRUM 200 L	1

CLEANERS/THINNERS

CLEANER

Cleaner for cleaning and degreasing surfaces to be bonded. Also for cleaning and removing non-cured adhesive residue from tools. Also suitable for diluting Contact Kit, Spray adhesive TR 550® and Spray adhesive R 560®.

PRODUCT	PIECES / CARTON
TIN WITH CAP 1 L	6
TIN WITH CAP 5 L	1

WOOD ADHESIVES SMP

WOOD MAX POWER

Extremely tough, waterproof (D4, conform to norm EN 204) and filling wood construction adhesive based on SMP-Polymer.

PRODUCT	PIECES / CARTON
CARTRIDGE 380 G BEIGE	12
CARTRIDGE 320 G TRANSPARENT	12

WOOD MAX EXPRESS POWER

Extremely tough, fast, waterproof (D4, conform to norm EN 204) and filling wood construction adhesive based on SMP-Polymer.

PRODUCT	PIECES / CARTON
CARTRIDGE 380 G	12

WOOD ADHESIVES PU

PU-WOOD ADHESIVE FIBER

Fibre-reinforced, fast, liquid, waterproof, limited filling, single-component wood adhesive based on polyurethane.

PRODUCT	PIECES / CARTON
BOTTLE 250 G	12
BOTTLE 750 G	6

PU-TIX FIBER

Fibre-reinforced, very fast, thixotropic, waterproof, limited filling, 1-component wood adhesive based on polyurethane.

PRODUCT	PIECES / CARTON
CARTRIDGE 340 G	12

WOOD ADHESIVES PVAC

WOOD ADHESIVE ST10®

Moisture resistant, white wood adhesive based on PVAc.

PRODUCT	PIECES / CARTON
BOTTLE 250 G	12
BOTTLE 750 G	6
BUCKET 5 KG	1
BUCKET WITH SPOUT 10 KG	1
JERRYCAN 30 KG	1

WOOD ADHESIVE ES30®

Fast, moisture resistant, white wood adhesive based on PVAc.

BOTTLE 750 G	6
BUCKET 5 KG	1
BUCKET WITH SPOUT 10 KG	1

WOOD ADHESIVE KM45®

Waterproof, white, 1-component wood adhesive based on PVAc.

PRODUCT	PIECES / CARTON
BOTTLE 750 G	6
BUCKET WITH SPOUT 10 KG	1

SPECIALTIES

SURFACE RENEWER COATING

RPS-300®

Transparent surface renewer coating with hydrophobic technology. Restores the original colour of discoloured / weathered plastic (PVC/ABS/PE/etc.) and coated metal and improves the colour of untreated natural stone. Treated surface becomes water and dirt proof.

PRODUCT	PIECES / CARTON
BOTTLE 500 ML	12

CV-LEAK SEALING

CV LEAKSEALER

Super concentrate for sealing leaks in central heating systems.

PRODUCT	PIECES / CARTON
CARTRIDGE 310 ML	5

CENTRAL HEATING - CLEANING

CV RESTORER

Super concentrate for cleaning and rinsing of central heating systems.

PRODUCT	PIECES / CARTON
CARTRIDGE 310 ML	5

CENTRAL HEATING - PROTECTION

CV PROTECTOR

Super concentrate for protecting central heating systems against boiler scale, corrosion and bacterial growth.

PRODUCT	PIECES / CARTON
CARTRIDGE 310 ML	5

UNIVERSAL ADHESIVES CYANOACRYLATE

POWER GLUE GEL

Extra strong and fast, temporarily adjustable instant glue in gel format for a non-drip and clean application. Ideal for porous materials and vertical surfaces. Dishwasher proof and water resistant.

PRODUCT	PIECES / CARTON
TUBE 3 G	12

POWER GLUE CONTROL

Ultra-fast and extremely strong liquid instant glue in a tube with Direct-Stop-Technology. Ensures an easy and controlled application of the desired amount of glue, without dripping. Flows into smallest corners and joints. Dishwasher proof and water resistant.

PRODUCT	PIECES / CARTON
TUBE 3 G	12

INSTANT GLUE

Liquid, professional instant glue.

PRODUCT	PIECES / CARTON
BOTTLE 20 G	16

GRIFFON BOND

Liquid, universal instant glue with special activator.

PRODUCT	PIECES / CARTON
SET 50 G + 200 ML	6

UNIVERSAL ADHESIVES POLYURETHANE

CONSTRUCT FIBER

Fibre-reinforced, very fast, thixotropic, waterproof, limited filling, single-component, universal construction adhesive based on polyurethane.

D4

PRODUCT	PIECES / CARTON
CARTRIDGE 390 G	12

UNIVERSAL ADHESIVES SMP-POLYMER

MAX REPAIR EXTREME

Strong repair solution for extreme challenges. Max Repair is extremely strong, extremely elastic, water resistant and filling.

PRODUCT	PIECES / CARTON
TUBE 20 G	6

CONSTRU MAX EXPRESS

Very strong, fast, waterproof (D4, according to standard EN 204) and filling construction adhesive based on SMP-Polymer for many building materials. For indoor and outdoor applications.

PRODUCT	PIECES / CARTON
CARTRIDGE 380 G	12

UNIVERSAL ADHESIVE SPRAY

SPRAY ADHESIVE

Aromatic-free, universal, liquid spray adhesive based on SBR rubber.

PRODUCT	PIECES / CARTON
AEROSOL 500 ML	12

UNIVERSAL CONTACT ADHESIVES

CONTACT ADHESIVE SPRAY CS 570

Transparent, sprayable, aromatics-free, universal contact adhesive in mobile pressure vessel.

PRODUCT	PIECES / CARTON
CANISTER 13 KG 22 L	1

ACCESSORIES CONTACT ADHESIVE SPRAY CS 570

CS 570 GUN

Gun to apply Contact Adhesive CS 570.

PRODUCT	PIECES / CARTON
PISTOL	1

CS 570 HOSE

Hose to apply Contact Adhesive Spray CS 570.

PRODUCT	PIECES / CARTON
HOSE 5,5 M	1

EPOXY STICKS

EPOXY REPAIR STICK

Dual-component epoxy putty for permanent repairs and restoration of nearly all materials.

PRODUCT	PIECES / CARTON
STICK 114 G	12

CHEMICAL ANCHORS

UNIPLUG-HLC®

High-quality, universal, fast and styrene-free anchoring adhesive based vinyl ester.

PRODUCT	PIECES / CARTON
CARTRIDGE 300 ML	6

ACCESSORIES CHEMICAL ANCHORS

STATIC MIXERS

Static mixer spouts for the use of UniPlug-HLC® chemical anchor.

PRODUCT	PIECES / CARTON
SACHET 6 PIECE(S)	10

INJECTION PLUGS

Injection plugs to spread UniPlug-HLC® chemical anchor in hollow materials. Suitable for M8 and M10 threaded rods.

PRODUCT	PIECES / CARTON
SACHET 6 (15 X 85 MM) PIECE(S)	10

DUCT TAPES

DUCT TAPE

High-quality, professional, fibre-reinforced, universal tape for fastening, sealing, insulating, repairing, protecting, fixing and bundling of virtually all materials.

PRODUCT	PIECES / CARTON
ROLL 25 M X 48 MM GREY	24
ROLL 25 M X 48 MM ORANGE	24

CARTRIDGE GUNS

GUN

Cartridge gun for processing all types of adhesives and sealants.

PRODUCT	PIECES / CARTON
CARTRIDGE GUN	12

GUN PROFESSIONAL

Professional cartridge gun for processing all types of adhesives and sealants.

PRODUCT	PIECES / CARTON
CARTRIDGE GUN	6

MULTI-TOOL

For opening cartridges, cutting nozzles and applying and/or removing sealants.

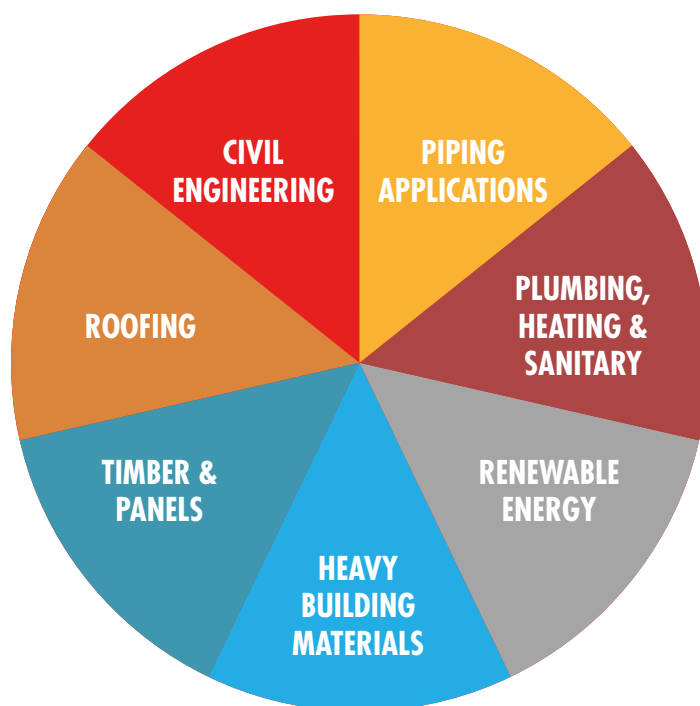

PRODUCT	PIECES / CARTON
MULTI TOOL (CARD)	12

STANDARD CONDITIONS OF BISON INTERNATIONAL

Article 1 - Validity

Bison International is the trade name of Bison International B.V., which has its registered office in Goes, the Netherlands, and is registered at the Chamber of Commerce in Middelburg under number HR 22009162.

Unless expressly agreed otherwise, these conditions apply to all offers, contracts of purchase and sale, and deliveries of all goods and services which are put into circulation and/or provided by us. The Buyer accepts the applicability of these conditions simply by placing an order. Buyer's conditions that differ from these conditions are expressly rejected unless and until we have expressly declared in writing that the said buying conditions are applicable to a specific transaction. If and in so far as an offer and/or contract between the buyer and us contains provisions differing from the offers and/or contracts governed by these conditions, without the applicability of such provisions having been expressly excluded, the other provisions of these conditions shall remain fully in force.

If a provision of these conditions proves to be invalid, the arrangement most favourable to us shall apply and the other conditions shall remain fully in force.

Article 2 - Offers and

1. All oral and written offers (including those made in the form of price lists issued by us) and orders shall be entirely without obligation and may be revoked immediately after acceptance, unless agreed otherwise in writing.
2. All other oral and written offers, including those made by our representatives or other personnel, shall lapse as a result of a new offer, unless the opposite is stated by us in the new offer.
3. If goods are ordered by the buyer without a price having been expressly agreed, this order shall be performed at the price applicable at the time of the order, independently of any offers made previously or prices calculated previously.
4. A discrepancy of 10% between the quantity agreed and the quantity delivered is permitted, subject to the proviso that the buyer is obliged to accept and pay for the amount delivered up to 10% more or 10% less than the quantity agreed, subject to a minimum of 1 kg.
5. If we have not made a binding offer in writing, we shall be entitled not to accept orders. We are in that case obliged to give notice of this to the buyer within seven working days, calculated from the receipt of the order.
6. Unless stated or agreed otherwise, all products are delivered gross for net. Thin liquid products are generally delivered at their net content measurement or weight.

Article 3 - Marks, designs and packaging

Unless expressly agreed otherwise in writing with us, our products, bearing one or more of our marks, shall be resold in unchanged design and in the original packaging and may not be sold under a different name and/or marks.

Article 4 - Reservation of title

1. The delivered products remain our exclusive property until there has been full payment of all claims - in respect of these or other deliveries - resulting from the contracts. If the buyer does not fulfil his obligations or we have reason to believe that he will not do so we may retake possession of the products forthwith. The buyer must keep the products separately and/or mark them. The costs of retaking possession will be charged to the buyer.
2. If necessary, the buyer is obliged to cooperate fully with us in taking measures which serve to protect our reserved title, for example by allowing access to his business if we wish to retake possession of his products.
3. Without prejudice to the provisions of paragraph 1 of this article, all risks relating to the delivered goods shall be borne by the buyer.

Article 5 - Delivery period

The delivery period shall start after the order has been accepted by us, unless the buyer must still fulfil certain conditions. In that case the delivery period shall start on the day after that on which the buyer has fulfilled these conditions.

Agreed delivery dates and times are merely targets, unless expressly agreed otherwise. Delayed delivery shall not confer any right on the buyer to compensation or to cancellation of the agreement.

Article 6 - Deliveries and transport

1. Unless provided otherwise, the products and services are delivered free to the agreed destination. The ICC Incoterms 2010 shall apply in this respect.
2. In so far as no time has been agreed, the seller shall be entitled to deliver the products and services (or cause them to be delivered) at the agreed delivery address on any working day between 0800 hrs. and 1600 hrs. The buyer shall ensure that the waiting time between the moment at which arrival is reported and the moment at which the unloading of the products can start does not exceed 15 minutes.
3. Orders of €375 or more shall be delivered free. Orders under €375 are not delivered.
*This only applies to countries within the Benelux. For all other countries please contact the responsible sales representative at Bolton Adhesives.

Article 7 - Payment

1. Payment should be made within 30 days of the date of the invoice, without any deduction.
2. If there is good reason to assume that the buyer will not perform a contract of sale and purchase or will not do so in full, we shall be entitled to require payment in advance or the provision of security before making delivery or further delivery. If the buyer remains in default, any duty to make delivery to which we may be subject shall lapse, without prejudice to our right to compensation from the buyer of all loss and damage, costs and interests. We always have the right to make delivery C.O.D.
3. All payments shall be remitted to our giro or bank accounts or shall be made in cash in exchange for a receipt signed by us. Only payments made in the manner indicated by us are valid. The buyer is not permitted a right of set-off.

4. If payment is not made on the due date the buyer shall pay annual interest calculated from the due date at a rate of 2% above the statutory rate of interest.
5. If the buyer fails to pay any amount, all sums payable by him to us shall become immediately due and payable in their entirety and we may claim immediate payment thereof. In such a case we may suspend the performance of all orders accepted for the buyer until the amount which has become due and payable in accordance with the previous sentence is paid within a period specified by us and security acceptable to us has been provided by the buyer for the payment of all other orders to be performed for the buyer.

Article 8 - Insolvency, etc.

In the event of insolvency, suspension of payments, termination of the activities of the buyer or liquidation of his business or in the event of acquisition by a third party, we shall be entitled - with or without giving notice of default and without recourse to the courts - to suspend the performance of the contract or, at our discretion, to treat it as a fully or partially cancelled.

Article 9 - Resale

The buyer of our products undertakes - in so far as this is not contrary to statutory provisions - not to sell them to abroad without our written permission and not to sell them without our written permission to customers whom he knows, or should reasonably suspect, will export these goods.

Article 10 - Complaints

1. Complaints about visible defects, damage, shortages, packaging, quality or the price of the delivered products or on any other grounds whatever shall be submitted in writing within 7 days of receipt of the goods but no later than 14 days of dispatch of goods. Complaints about hidden defects of the delivered products should be submitted in writing within 14 days of the date on which the buyer discovers the unfitness of the products, but in any event no later than 6 months after delivery of the products.
If a shorter use-by period is stated on the packaging, the complaints should be submitted within this period. After the expiry of the said periods, every right of complaint on any grounds whatever lapses.
Complaints of any kind whatever do not suspend the payment obligations of the buyer and may be communicated to us only in writing within the periods described in this article.
No complaint whatever is admissible if the buyer has processed or resold the goods and could have discovered the alleged defects in the products. No complaint is admissible in respect of differences in the colour or properties of the product that are technically unavoidable.
The unfitness of delivered products may be demonstrated by the buyer by all means, subject to the proviso that the only form of unfitness that will be recognised is non-compliance with the seller's specifications applicable to the product.
2. Products may not be returned unless we have given our prior written consent and they are returned free.

Article 11 - Liability

1. If we have given written or oral advice on processing, we cannot accept any liability for the results, owing to the great variety of materials with which we work.
2. Our obligation to pay compensation in respect of the unfitness of products delivered by us, incorrect documentation, processing and other advice, guidance and inspection shall never exceed the amount of the invoice for the delivered products or the part thereof to which the complaint relates.

Article 12 - Force majeure

1. If we are prevented by force majeure from performing the contract, or if performance becomes more difficult or expensive as a result of force majeure, we have the right - without recourse to the courts - to cancel performance of the agreement fully or partly, at our discretion, without being obliged to pay any compensation or being bound by any warranty.
2. Force majeure is for this purpose deemed to mean all circumstances, both foreseeable and unforeseeable, as a result of which performance of the contract can no longer reasonably be expected by the customer, including strikes, lock-outs, fire, breakdown of machinery, and other disruptions to our operations, either in our own plant or in that of our suppliers, transport problems and other events beyond our control such as war, blockade, riots, epidemics, flooding, storm, devaluation and inflation, and any sudden increase in the price of raw materials, energy costs, import duties and excise duties and/or taxes in which our country or another country from which we wish to obtain the materials necessary for the delivery is involved, and delayed delivery by our suppliers.

Article 13 - Address for service, applicable law

1. All contracts which come into being - including contracts resulting from such contracts - shall be governed exclusively by the law of the Netherlands, as applicable to the part of the Kingdom of the Netherlands in Europe.
2. The court in Middelburg shall have exclusive jurisdiction in this matter in accordance with the rules of absolute competence, subject to appeal, unless the buyer informs us in writing within one month of the date on which we invoke this clause that he wishes this dispute to be heard by the court which is competent by law.

Article 14 - Amendment of the standard conditions

1. We are entitled to amend these standard conditions without giving prior notice.
2. The standard conditions that were applicable on the day that the order was noted by us shall apply to orders placed previously, unless agreed otherwise.

Article 15 - Entry into effect

The standard conditions shall take effect on 1 March 2000 and are deposited at the Registry of the District Court in Middelburg. A copy will be sent to the buyer on request.

All previous standard conditions hereby cease to have effect.
