

GLUE REMOVER

VERY EFFICIENT AND EFFECTIVE AGAINST GLUE AND STICKER RESIDUES

STORAGE CONDITIONS

Store in tightly closed container in a dry, cool and frost-free place.

PRODUCT DESCRIPTION

Glue Remover is very efficient and effective against glue and sticker residues.

FIELD OF APPLICATION

Suitable for removing glue and sticker residues from many types of surfaces, e.g. tile, stone, glass, and metal. Also suitable for removing paint, fat, grease, ink, and oil stains and residue.

Removes superglue, as well as contact, polyurethane, and assembly adhesives.* (* Removal of glue depends on the type of surface.)

Not suitable for silk, leather, suede, polystyrene, or rubber.

PROPERTIES

- Universal and non-drip
- Precise application and can be applied vertically

APPLICATION

Directions for use:

Always test first on a hidden part of the surface. Manually remove as much of the excess residue as possible. Spray the Lijmvreter on the stain and allow the product to penetrate the stain properly for 2 to 3 minutes. Remove the stain using a cloth or scraper if necessary. Repeat the process if needed. Thoroughly wash the surface after.

Points of attention: Product contains solvents that may affect the surface. Test before using.

TECHNICAL SPECIFICATIONS

Chemical base:	Solvent blend of Dioxolaan and Nafta
Colour:	Transparent

Our advice is based on extensive research and practical experience. However, in view of the large variety of materials and the conditions under which our products are applied, we assume no responsibility for the results obtained and/or any damage caused by the use of the product. Nevertheless, our Service Department is always at your disposal for any advice needed.
