

KOLMAT® HEMP

FOR SEALING METAL THREADED CONNECTIONS

PRODUCT DESCRIPTION

For sealing metal threaded connections.

FIELD OF APPLICATION

For sealing metal threaded connections in, e.g., (drinking) water, central heating, gas and compressed air systems. Use in combination with Kolmat® Fitterskit or Silpat®. Not suitable for oxygen.

PREPARATION

Preliminary Surface Treatment: Thoroughly clean and degrease surfaces.

APPLICATION

Directions for use:

1. Apply hemp to the thread (turn in the direction of the thread).
2. Apply paste generously and evenly to the entire thread.
3. Assemble joint.

Stains/residue: Remove any residue using a degreaser.

STORAGE CONDITIONS

A minimum of 24 months.

Store in properly sealed packaging in a dry place at between +5°C and +25°C.

Our advice is based on extensive research and practical experience. However, in view of the large variety of materials and the conditions under which our products are applied, we assume no responsibility for the results obtained and/or any damage caused by the use of the product. Nevertheless, our Service Department is always at your disposal for any advice needed.
