#### 6313762 - GRIFFON DUO UNBLOCKER BOTTLE 2 X 500 ML NL/FR

# **DUO UNBLOCKER** EXTREMELY POWERFUL AND EFFECTIVE 2-COMPONENT DRAIN-CLEARING AGENT

# **PRODUCT DESCRIPTION**

Duo Unblocker is an extremely powerful and effective 2component drain-clearing agent, specially developed for the most stubborn drain blockages.

# FIELD OF APPLICATION

Suitable for drain holes and pipes for sinks, washbasins, shower trays, and bathtubs found in the kitchen, bathroom, and toilet. Including plastics (PVC, PVCC, ABS, Acrylic) and stainless steel. Not suitable for aluminium or zinc piping. It can erode aluminium, zinc, and some types of paint and light metals.

#### PROPERTIES

- · Extremely powerful thanks to its 2-component technology
- · Accesses the deepest parts of the drain
- · Does not foam
- Does not splash

#### PREPARATION

**Personal safety:** Wear protective gloves, protective clothing, eye protection, face protection.

# APPLICATION

#### **Directions for use:**

Release the childproof cap on the container by pressing it down while unscrewing.

Remove as much water as possible from sink or washbasin. Carefully pour part 1 (see scale) of bottle 1 (red) into the drain. Screw the top back on the bottle. Carefully pour part 1 of bottle 2 (black) into the drain and allow the product to act for at least 1 hour. If the drain is difficult to clear, allow the product to work for 8 hours. Rinse with large amounts of hot water. Now pour part 2 of bottle 1 (red) into the drain. Pour part 2 of bottle 2 (black) into the drain and allow the product to act for 1 hour. Rinse with copious amounts of hot water.

**Points of attention:** Never use in combination with other products as this may release poisonous gases. Not suitable for aluminium or zinc piping. It can erode aluminium, zinc, and some types of paint and light metals.

# **STORAGE CONDITIONS**

Shelf life: At least 36 months after production. Keep in a cool, dark place in an upright position during storage or transportation.
